Sri Siddhi Vinayaka, also known as Sri Ganesha, is the son of Lord Shiva and the divine mother Parvathi. He is worshipped first to remove all obstacles and ensure success in human endeavors. Out of four hands, he holds the nose to capture and retain obstacles or difficulties in one hand; in another, he has a goad to guide the worshipper in the right direction; in the third keeps the modaka, a sweet dish, representing the fruit of devotion and with the fourth hand he blesses his devotees.

Goddess Durga symbolizes the divine forces (positive energy) known as divine shakti (feminine energy/ power) that is used against the negative forces of evil and wickedness. She protects her devotees from evil powers and safeguards them. It is believed that Goddess Durga is the combined form of powers of Goddesses Lakshmi, Kali and Saraswati.

It is also believed that Goddess Durga was created by Lord Vishnu as a warrior goddess to protect good people (devas) for fighting the demon, Mahishasur.. Her divine shakti contains the combined energies of all the gods in the form of weapons and emblems (mudras).

Goddess Durga represents the power of the Supreme Being that preserves moral order and righteousness in the creation. The Sanskrit word durga means fort or a place that is protected and thus difficult to reach. Durga, also called Divine Shakti, protects mankind from evil and misery by destroying evil forces (negative energy and vices—arrogance, jealousy, prejudice, hatred, anger, greed and selfishness).

Sri Venkateswara, also known as Balaji an incarnation of Lord Vishnu, represents the power of sustenance. He is always close to devotees and ever ready to bless and protect them. In his two upper hands he holds a discus (a symbol of power) and a conch shell (a symbol of existence). With his lower hands extended downward he asks devotees to have faith and surrender to him for protection. Vishnu is preserver of the universe and the embodiment of goodness, mercy and compassion.
